

About the Preschool

Pawprints Preschool opened in August 2003 to provide a fun and safe learning environment for three- to five year-olds.

The program is affiliated with Saint Thomas More Catholic Church and School, and uses a Catholic-centered instructional curriculum to teach children the values and morals of our faith.

The curriculum also emphasizes fundamental, school-ready principles, including shapes, colors, numbers, ABC's and the days of the week. Children will also learn basic social skills while developing daily skills such as zipping, fastening, personal hygiene and other fine motor coordination.

Advanced learners are offered phonics, beginning writing skills, early math concepts and beginning sign language.

Due to a high interest, in 2011 we marked the beginning of our well received 5 day preschool program. The extra two days a week build on our core curriculum by adding additional opportunities in science, math, and social studies.

Testimonials

“Pawprints Preschool has given my son everything I was looking for in a preschool. The children are taught in a well structured environment that promotes learning and citizenship in an atmosphere my preschooler described as “fun”. The teachers are undeniably dedicated to the children. The communication between the parents and teachers is exceptional. The teachers realize the importance of not only making sure their students are comfortable, but that the parents are comfortable as well. I am so glad that I found Pawprints, which also led me to the school where my son is receiving a great education.”

-Jennifer P.

At Pawprints Preschool she grew so much as a little person. The teachers go above and beyond to help their students feel comfortable about starting Kindergarten in every way.
