

Growing a thriving community of
out of school time providers

Are you looking for a structured, educational and fun opportunity for your middle school student this summer? Collective for Youth facilitates 21st Century Community Learning Center sites in Omaha Public Schools listed below, and the program is available to our Catholic school students as well. The goals for the programs are to engage youth in hands on learning experiences that builds academic skills. All programs provide great educational, recreational, cultural, social, and personal enrichment programs. Youth are expected to attend regularly so that they may receive all the benefits of the program. There are six weeks of programming during the summer months provide free of charge for our students. Please contact Collective for Youth for more information about the summer program.
